| 1.6MM/2.1MM                 | 3" x 2"     | 3' x 100' | 5. PACKING: MOISTURE-PROOF PAPER OR PVC FILM      |
| 0.8MM/1.1MM                 | 1/2" x 1/2" | 3' x 100' | 6. COLOR: GREEN, BLACK OR AS SPECIAL REQUIREMENTS |
| 0.6MM/0.7MM                 | 3/4" x 3/4" | 3' x 100' |   |

PVC coated welded wire mesh is made of quality welded low carbon steel wire mesh galvanized before, then coated with PVC powder or PE powder. The coated layer is even, strong adhesiveness and bright luster with long life, good anti-corrosive prosperity. All kinds of colors can be coated according to customers' special requirements.

## WELDED WIRE MESH 电焊网

Through high-precision processing, the end product is level and flat, sturdy structure, and even strength throughout, which is widely used in industry, farming construction, transportation and mining for protection of structure, safety segregation, keeping of poultry and livestock, and decoration.

Varieties available: Galvanized (hot-dipped & electro) and PVC coated. Width: 3', 4', 5', 6', 7'

Packing: other width, length specification are at buyer's option. Hot-dipped welded wire mesh is galvanized by hot-dipping after welding, having good corrosive resistance and qualities which are not usually found in average wire mesh.

Electro welded wire mesh is characterized by its fine qualities, sturdiness and durable, economy as well as attractiveness.
